

## About the Uttar Pradesh Agriculture Science Congress (UPASC2026)

Since independence, India's agricultural sector has made spectacular progress. A nation's amazing transition from food insecurity to food surplus is a success story. Still, there are many constraints being faced by modern agriculture such as resources depletion, climate change, and changing consumers' demand. The scientific and technological developments in the fields of biotechnology, digital agriculture, precision farming, and sustainable practices present huge prospects. To increase research and development as per the climate and soil, we must prepare ourselves and make sincere efforts. To exploit full potential of the technological advancements as a global leader in competitive, climate-resilient, and sustainable agriculture, the agricultural industry must overcome these challenges and take advantage of the opportunities. The next twenty-two years, leading to the centenary of India's independence in 2047, which is referred to as the Amrit Kaal, offer vast opportunities to revamp agriculture sector through bold policy reforms, cutting-edge research, inclusive education, and a robust extension system.

### Cordial invitation

We are cordially inviting you to participate in the Uttar Pradesh Agriculture Science Congress on "Transforming Agriculture for Viksit Krishi-Viksit Bharat @2047" being organized by UPCAR at Rani Lakshmi Bai Central Agricultural University, Jhansi (U.P.) during 14-16 February 2026. The organizing committee is confident that the congress will have many participants with your support and seeks the cooperation of you all in giving wide publicity among interested people. We are looking forward in meeting you at Jhansi during 14-16 Feb. 2026.

## Uttar Pradesh Council of Agricultural Research (UPCAR), Lucknow

The UPCAR has been established on 14 June 1989 with its headquarters at Lucknow. Over the years it has developed expertise to find out solutions on the emerging problems related to agriculture and allied sectors in the state with the co-ordination of the State Agricultural Universities (SAUs), ICAR and CSIR Institutes located in the state. Government of Uttar Pradesh has nominated UPCAR as Nodal agency for coordination, monitoring & evaluation of SAUs. It has established strong linkages with Government Departments and other institutions engaged in the fields of agriculture and allied sectors.

## Rani Lakshmi Bai Central Agricultural University (RLBCAU), Jhansi

RLBCAU has been established in 2014 by an Act of Parliament as an Institution of National Importance. RLBCAU has the key objectives to impart education in different branches of agriculture and allied sciences, undertake research and extension education and promote linkages with national and international academic institutions. The university has established different constituent colleges, namely, College of Agriculture, College of Horticulture & Forestry at Jhansi in Uttar Pradesh; and College of Veterinary & Animal Sciences and College of Fisheries at Datia in Madhya Pradesh. The third campus of the university is being established at Morena (MP)
